

THE HELLENIC SOCIETY PROMETHEAS

invites you to a web presentation by:

DR. GEORGE PAVLAKIS
CHIEF OF THE HUMAN RETROVIRUS SECTION
NATIONAL CANCER INSTITUTE

Coronavirus: Present and Future

Dr. Pavlakis specializes in Molecular Virology, Immunology, and Immunotherapy. He received his M.D. from the University of Athens, Greece, and his Ph.D. from Syracuse University. He has been associated with the National Cancer Institute since 1980, and is currently Chief of the Human Retrovirus Section. Dr. Pavlakis develops vaccines and immunotherapies for cancer and AIDS. His virology research focuses on the biology and pathogenesis of human retroviruses and especially HIV-1. His interests include the molecular biology of HIV-1; the pathogenic mechanism leading to AIDS; improved methods for gene transfer and gene therapy; and the development of vaccines and immunotherapies.

THURSDAY, JUNE 25, 2020
7:00 PM
